### **HISTORY OF NOUN**

#### **1.1 A BRIEF HISTORY OF THE NATIONAL OPEN UNIVERSITY OF NIGERIA**

The National Open University was first established on 22nd July, 1983 by Act No. 6 of the National Assembly. It is the first and only single-mode University in Nigeria that is dedicated to the provision of higher education through the Open and Distance Learning (ODL) mode. Shortly after the National Open University Act of 1983 by which the

University was established, it was suspended on 25th April, 1984. In the nation's search for a means of providing education, which is functional, cost effective and flexible, for all her citizens, a National Workshop on Distance Education was held in September 2000. Consequently, eighteen years after the suspension, the University was resuscitated as the National Open University of Nigeria (NOUN) on 1st October, 2002.

NOUN operates the open and distance education system, which the National Policy on Education describes as a system that encompasses education for all, education for life, lifelong learning, and self-learning, among others. The rebirth of NOUN, which has served as a springboard for ODL in Nigeria, is a demonstration of the country's irrevocable and unwavering commitment to education as a tool for personal and national development, and as a fundamental human right of her citizens.

The University's overall goal is to make education available to all who have the ability, and are willing and ready to benefit from functional and quality education provided through flexible and affordable distance learning.

#### **1.2 STUDYING THROUGH OPEN AND DISTANCE LEARNING AT NOUN**

Open and Distance Learning is a mode of learning that is characterised by the separation of the teacher in space and/or time from the learner, and enables learners to exercise choice over their learning regarding what, how, where they learn, pace of learning, support for learning, when and where assessment of learning takes place. NOUN's approach to ODL has the following features:

**Openness:** Removal of all barriers or restrictions to learning that characterise

traditional education. They include restrictions by age and location of study.

**Flexibility of learning:** The emphasis is on learning rather than teaching. It is students' responsibility to choose how they want to study, learn anywhere, anytime, and at their own pace mediated by technology. In other words, it is learner-centred rather than teacher-centred. Programmes can be completed up to double the normal duration of programmes.

**Accessibility:** Study Centres are established at state and community levels, and special centres at prison, paramilitary agencies and military units. These are among the many efforts to reach all segments, communities and individuals in the society who require a continuation of their education.

**Affordability:** Removal of financial barriers by allowing learners to pay as they study and by providing materials and other services on a cost recovery basis.

**Multi-Modal Instructional Delivery:** This delivery method utilises a variety of media and technologies that is most easily available to learners. These include course materials in print and on the web as e-Courseware. They are also available in compact discs and in OER formats.

The instructional mode of delivery and learning provides the opportunity for learners who are employed or self-employed to acquire knowledge, skills and techniques relevant to their present employment or to improve their academic qualifications and aspire for higher positions in their jobs.

## **PART 2 ABOUT THE FACULTY OF ARTS**

### **2.0 INTRODUCTION**

This section provides a brief historical background of the Faculty of Arts, the administrative structure, and the Undergraduate Programmes.

### **2.1 HISTORICAL BACKGROUND**

The academic nomenclature of the University in April 2016 were changed, and Schools became Faculties, Units became Departments.

The Faculty of Arts was then created out of the former School of Arts and Social Sciences, which was established in 2003.

On the establishment of the Faculty of Arts, Prof. Godwin I. Akper, a Professor of Systematic and Public Theology became the first Dean. He was elected to the office on 13th of June 2016.

Since then, the Faculty is committed to providing broad based scholarship with the aim of expanding students' academic horizon, enhancing their understanding, and equipping them with knowledge and skills to contribute to national development.

Thus, the programmes of the Faculty, which cover a wide range of disciplines are designed to enable students understand others through their languages, histories and cultures, broaden their worldview by offering new perspectives and new ways of understanding; develop creative, critical, analytical and logical thinking skills for analysing information; build oral and written communication skills.

## **PART 3**

### **HISTORY OF THE DEPARTMENT OF PHILOSOPHY**

The intention to give greater access to students with the desire to study philosophy in the Faculty of Arts in particular and the university in general, led to the development of the OPP and DPP for BA Philosophy in 2018. The development of the OPP and DPP was followed by the presentation of the proposal for the establishment of the Department of Philosophy at the 95<sup>th</sup> Regular meeting of senate by the Dean, Faculty of Arts. At the Meeting, which was held on the 19<sup>th</sup> January, 2019, Senate received, considered and approved the proposal. The approval of this proposal birthed the establishment of the new Department of Philosophy in the Faculty of Arts, National Open University of Nigeria.

The Department is to offer an undergraduate BA (Hons.) Programme of 8 (eight) semesters of full-time study or 16 (sixteen) semesters of flexible mode. Shortly after the establishment of the Department an acting Head of Department Dr. Oyekunle O. Adegboyega was appointed, he however, became the substantive Head after the Departmental election held in August 2020. Other academic members at the inception of the department are: Emeritus Professor Godwin Sogolo, Professor Uduma Oji Uduma (now DVC. Academic) and Dr. Eric C. Omazu, Dr. Elochukwu V. Afoka later joined the Department in November, 2020. In October 2021, Dr. Helen T. Olojede and Mr. Emmanuel Afuasias joined the department. The non-academic staff are Mrs Kate Umunna – Assistant Registrar, Ms Dorcas Uyo – Admin Officer II and Mr. Ahmed Abdullarr – Asst. Chief Clerical Officer.

### **BA PHILOSOPHY**

#### **3.1. NAME OF THE PROGRAMME- BA (HONS) PHILOSOPHY**

#### **3.2. PROGRAMME CODE-2216**

#### **3.3 HISTORY OF THE PROGRAMME**

The desire or intention to bring in a programme that offers students critical thinking skills brought about the inclusion of Philosophy as one of the programmes in the Faculty in particular and the university. This consequently led to the development of the DPP and OPP for the programme in 2018, which was latter approved by the Senate of the University at her 95<sup>th</sup> Regular Meeting held on the 11<sup>th</sup> of January 2019

The BA (Hons) Philosophy was designed to provide solid training in major areas of

Philosophy which includes Metaphysics, Epistemology, Logic, Ethics, African Philosophy, History of Philosophy and Social and Political Philosophy.

### **3.4. Philosophy**

The BA (Hons) Philosophy is designed to provide solid training in major areas of philosophy, Metaphysics, Epistemology, Logic, Ethics, African Philosophy, History of Philosophy, and Social and Political Philosophy. It seeks to develop the intellectual abilities of students to enhance their critical, analytical, interpretive, comparative and problem-solving skills.

### **3.5. Vision**

NOUN's BA (Hons) Philosophy programme will, through Open and Distance Learning, provide opportunity to those who seek knowledge in philosophy via intensive use of information and communication technology, to have functional and cost-effective education through the open and flexible mode of education that adds life-long values for all who are ready to be trained as such. On this note, it targets both fresh students and graduate of other disciplines who want to make philosophical knowledge the foundation of their professional engagements.

### **3.6. Mission**

The BA Philosophy Programme provides education in critical thinking skills to students. It exposes them to philosophical tools of understanding the world, and changing it. The course will help raise, in the students, awareness of the many challenges facing the world in the areas of ethics, science, religion, business, education, law, aesthetics, politics, and other valuable subjects. The aim is to, in the well-documented tradition of philosophy, train students as participants in the search for well-reasoned and critical approaches to these challenges.

## **3.7. AIMS AND OBJECTIVES**

### **3.7.1 Aims**

The aims of the programme are:

- To equip the students with the critical, analytical and interpretive skills of philosophy needed for success in today's world
- To inculcate in the students a knowledge that is grounded in ethics and values that is also attuned to the needs of society.

### **3.7.2 Objectives**

At the end of this programme, the candidate should be able to:

- i. Provide for a broad, sound and solid foundation in philosophy.

- ii. Provide education in, and expose students to the traditional branches of philosophy as a firm base for intending professional academic philosophers.
- iii. Equip the students with problem-solving skills capacities.
- iv. Train a workforce with requisite transferable work skills.
- v. Enhance the ability of the students to organise and criticise ideas and issues.
- vi. Orientate students towards developing the philosophical minds conducive to a pluralistic society such as Nigeria.
- vii. link academic/professional philosophy with social existence.

### **3.8 ENTRY REQUIREMENTS**

To be admitted into BA Philosophy degree programme, the candidate is required to meet at least one of the following requirements:

### **5.6.2 Mode of Submission of Projects**

All undergraduate projects shall be printed and approved in line with the guidelines specified for projects in the Faculty of Arts (see Appendix I for Guidelines for Research Projects). Students are to submit to their respective Study Centres four (4) hard copies and two soft copies in Compact Discs (CDs) of their research project for onward submission to the Faculty. We need to state here that projects are presently submitted online through the University PAS system.

*Note: The research project must be passed for a student to be eligible for graduation.*

## **5.7 UNIVERSITY POLICIES**

### **5.7.1 Copyright Policy**

The university copyright policy protects the institution's works. Portions taken from the institution's course materials should be properly acknowledged and not used for commercial purposes. Students must also respect the copyright of non-institutions' materials such as text books, research projects, images, audio or video materials by properly acknowledging the source and the author. Students are liable for violating owner's copyright through acts of plagiarism and piracy.

### **5.7.2 Plagiarism**

Plagiarism is defined as 'the practice of taking someone else's work or ideas and passing them off as one's own' (OxfordDictionary.com). Plagiarism is a serious crime; it is an infringement on the rights of the copyright owner. It is an act of academic dishonesty to take ideas or work that was not originally one's own and present it as one's own ideas or work and use it without proper acknowledgement of the source and author.

Plagiarism and the infringement of copyright owner's rights may include the following:

- Failure to obtain permission for the use of portions longer than a paragraph or to acknowledge the source and the name of the author from where sentences or passages not longer than a paragraph, figures, pictures have been taken and used word-for word;
- Paraphrasing of the ideas or works of others, including those obtained from the Internet without acknowledging the source and the author of the work;

- Copying of another student's assignment and submitting it as one's own work; and
- Paying someone to do an assignment on one's behalf and submitting it as one's own work.

To avoid being guilty of copyright violations, students must ensure that they do the following:

- Cite all sources and names of authors from which information was obtained and used;
- Obtain permission for the use of materials that are longer than a paragraph; and
- Comply with the University's copyright policy.

Students are encouraged to avoid acts of plagiarism and other dishonest acts by learning to cite properly and acknowledge sources from which they have taken materials for their research or assignment.

## **5.8 DEGREE AWARD REQUIREMENTS**

### **5.8.1 Compulsory and Elective Courses**

Programmes in the Department of Philosophy comprise courses that are either compulsory or elective. Compulsory courses are core courses that must be passed to be eligible for graduation. Electives are courses that are optional in terms of the number that students must register for and pass per semester.

Compulsory courses and elective courses are programme-specific (see Part 8 for list of registrable courses). For a detailed description of courses, consult the University General Catalogue (2014-2017) or visit the Faculties web page at [www.nou.edu.ng](http://www.nou.edu.ng)

### **5.8.2 Minimum Course Credits for Graduation**

Students must pass all compulsory courses and a minimum of one (1) elective course per semester.

### **5.8.3 General Studies (GST) Courses**

General Studies courses are designed to produce well-rounded, morally and intellectually capable graduates that: are equipped with digital skills to navigate through the ICT age; are capable of communicating effectively; have the capacity to appreciate and promote peaceful co-existence; have a broad knowledge of the

Nigerian people for mutual understanding; and are independent critical thinkers capable of growing successful entrepreneurial endeavours.

General courses are compulsory courses that must be registered for and passed, in addition to the Programme's core compulsory and elective courses. Table 1 presents the general courses for the Faculty of Arts:

**Table 1: Compulsory General courses for Programmes in the Faculty of Arts**

	<b>CODE</b>	<b>COURSE TITLE</b>	<b>CREDIT UNIT</b>
100level	GST101	Use of English and Communication Skills I	2
	GST102	Use of English and Communication Skills II	2
	GST103	Computer Fundamentals	2
	GST105	History and Philosophy of Science	2
	GST107	The Good Study Guider	2
200level	GST201	Nigeria Peoples and Culture	2
	GST202	Fundamentals of Peace Studies & Conflict Resolution	2
	GST204	Entrepreneurship and Innovation	2
300 level	GST302	Business Creation and Growth	2

**NOTE:** 200Level entry admitted students MUST register for GST 107 from 100 Level

## 5.9 GRADE POINT AVERAGE (GPA) AND CUMULATIVE GRADE POINT AVERAGE (CGPA)

At the end of examinations, the students are scored and graded. The raw scores are recorded and are weighted to produce a single point average for each of the courses registered for and for which students have written the Tutor-Marked Assignments (TMA) and Examinations (E-Exams or POP).

### 5.9.1 Formula for Calculation of GPA and CGPA

The Grade Point Average shall be calculated by multiplying the Grade Point (GP) attained in each course by the credit units for the course. The GPA (Grade Point Average) of all the courses are added up and divided by the total number of credit units taken in a semester or session. The GPA is computed on semester by semester basis. The formula for calculating the GPA is:

$$\text{GPA} = \frac{\text{WGP}}{\text{TCC}}$$

The cumulative grade point average (CGPA) is the Total Grade Point Earned (TGPE) divided by the Total Credits Carried (TCC). The CGPA is calculated at the end of two (2) or more semesters. The formula for calculating CGPA is the following:

$$\text{CGPA} = \frac{\text{TGP}}{\text{TCC}}$$

#### KEY:

**TCC** Total Credit Carried

**TCE** Total Credit Earned

**TGP** Total Grade Point  
(Credit Point x Weighted Grade Point)

**CGPA** Cummulative Grade Point Average

**WGP** Weighted Grade Point

### 5.9.2 Determination of GPA and CGPA

#### Grade Points

70 and above	-	A	-	5
60 - 69	-	B	-	4
50 - 59	-	C	-	3
45 - 49	-	D	-	2
40 - 44	-	E	-	1
39 and below	-	F	-	0

An example of how to calculate the GPA is presented below:

COURSES	SCORES %	GRADE	CREDIT UNIT	WEIGHTED GRADE POINT	TGPE
PHL101	67	B	3	4	12
PHL105	75	A	3	5	15
PHL103	46	D	2	2	4
PHL102	54	C	3	3	9
PHL152	73	A	3	5	15
Total			14	19	55

$$\text{CGPA} = \frac{\text{TGPE}}{\text{TCC}} = \frac{55}{14} = 3.92$$

### 5.10 CLASS OF DEGREE

Class of degree is assigned based on the CGPA upon completion of the programme, and is presented:

<b>First Class</b>	<b>4.50-5.00</b>
<b>Second Class (Upper)</b>	<b>3.50-4.49</b>
<b>Second Class (Lower)</b>	<b>2.50-3.49</b>
<b>Third Class</b>	<b>1.50-2.49</b>
<b>Pass</b>	<b>1.00-1.49</b>

### 5.11 GOOD ACADEMIC STANDING

In order to be in good standing, students must maintain an average of 1.5 and above. Any student that falls below 1.5 is not in good standing and will be advised to withdraw.

In addition, students must meet all degree award requirements, that is, they must pass all compulsory courses and the required electives.

### 5.12 END OF PROGRAMME CLEARANCE

Upon the release of the graduation list, graduating students are required to undergo a clearance process by doing the following:

1. Log into your portal, click on the clearance form, which is on the left hand side of the menu; and

2. Print it out and fill in the necessary information required on the form, e.g. Name, Matric Number; etc. (Student Data); Then return to the portal:
3. Click on **Study Centre** to clear any issues regarding the Centre. If there are none, the Centre Director's official stamp is required here for proof.
4. Click on **Library** for clearance on books to ensure that you have returned books in your possession. If there are none, official stamp is required here for proof.
5. Click on **Bursary**; this is the final process for clearance on finances: Alumni, project fees, IT, etc. This part will be stamped by the Accounts Unit of the Centre.

Having satisfied all the above, the student is ready for the graduation ceremony.

## **PART 6 ASSESSMENT AND EVALUATION**

### **6.0 INTRODUCTION**

Assessment and Evaluation are the means by which students' learning outcomes are measured against the stated learning objectives for each course and programme. Three types of assessment are employed in NOUN: (i) self-assessment exercise, (ii) continuous assessment, and (iii) end of semester examination.

Continuous assessments are carried out in the form of assignments and are based on the study material for each course. These assignments will constitute 30% of the total score. Except otherwise stated, each course will culminate in an end of semester examination. The examination constitutes 70% of the total score. The pass mark for final examination is 40% of the total score. Examination scripts are marked by lecturers/markers in the Departments, within their specified areas of specialisation.

### **6.1 SELF-ASSESSMENT EXERCISES**

These are exercises found within each study unit of the course materials. Although not graded, they are designed to help students assess their progress as they study.

### **6.2 TUTOR-MARKED ASSIGNMENTS (TMA)**

The continuous assessments are designed to provide students an opportunity to assess their learning and progress over the duration of the course. They are automated in NOUN in the form of computer marked assignments and are administered online. They are uploaded into students' portals, subject to students' registration for the course. However, they are known in NOUN as Tutor Marked Assignment (TMA). The TMAs comprise three sets of 10 Multiple Choice Questions (MCQs), totalling 30 MCQs. Arrangements are also being made to ensure virtual assessment of students on the online facilitation platforms/virtual learning environment. Students are expected to answer all the question items. They can access the TMAs in their portals from any location via the Internet. The three TMAs are automatically graded upon submission and the students receive feedback on their performance in the form of a score. The best three TMAs make up students' total TMA score in a course. The TMA is an important component, constituting 30% of the final score in a course. Note that GST TMAs are inbuilt into the course.

**It is important to note that students for whom there is no TMA score will not have a score for a course – they are usually recorded as incomplete result.** You can access the TMA portal at [www.tma.nouonline.net](http://www.tma.nouonline.net).

### **6.2.1 Eligibility for the TMA**

Students must be duly registered for each course in the semester to be eligible for the continuous assessment and the end-of-semester examinations.

### **6.2.2 Opening and Closing of TMA Portal**

The TMA portal opens after course registration for the semester and it closes just before the examinations begin.

## **6.3 END-OF-SEMESTER EXAMINATIONS**

As the name implies, end of semester examinations assess students on their entire examinable courses at the end of each semester. Three types of end of semester examinations are employed at the National Open University of Nigeria (NOUN). They are the eExamination, Pen-on-Paper (PoP) examinations and virtual examinations. The examinations are conducted for most undergraduate students' courses. This examination serves as 70% of the total marks for these courses physically or virtually.

### **6.3.1 The e-Examination**

This is a computer-based examination administered at 100 and 200 levels only. The examinations comprise Multiple Choice Questions (MCQs) and Fill-in-the-Blank Questions (FBQs) test items types. The number of questions per course is according to the credit units of a course. Three credit unit courses have 100 MCQ and FBQ questions while two credit unit courses have 70 questions

### **6.3.2 Pen-on-Paper (POP) Examinations**

PoP examinations are a writing based examination administered in a face to face context to 300 level and above students. The number of questions per course is according to the credit units of a course. For a 3-credit unit course, there are five questions of which three must be attempted while for a 2-credit unit course, there are four questions of which two must be attempted.

### **6.3.3 Opening and Closing of Examination Portal**

As it is for course registration, students must also register for examinations they wish to take. The portal for examination registration opens alongside the course registration portal. Students who do not register for the examinations will not be allowed to write examinations in the relevant courses.

## **6.4 EXAMINATION PROCEDURES**

Examinations are a very important component of a learning process. Therefore, credibility and integrity of the processes must be maintained. Thus, there are policies, rules and regulations to guide the conduct of examinations.

### **6.4.1 Policies**

Policies guiding the administration of examinations in NOUN include the following:

#### **(i) Deferment of Examinations**

In conformity with the provisions of Open and Distance Learning (ODL), the University has set guidelines for the deferment of examinations and the conditions that warrant deferment thereof. For instance, students who wish to defer their examinations must apply well in advance instead of waiting until the end of the semester when examinations are about to commence. These guidelines are laid out in the “**Policy on Deferment of Examinations**” (see Part 3). Students are advised to read the document and acquaint themselves with the requirements for deferring their examinations or even courses.

#### **(ii) Remarking of Scripts**

The University has put a policy in place to guide requests for remarking of scripts and re-computation of results. The provisions of this policy can be found in “**Policy of Re-Marking of Students' Examination Scripts and Re-computation of Results.**” For instance, a student who wishes to request for the re-marking of their script(s) must appeal within 30 days from the date of publication of the results. There is a fee per course for this service (see Appendix II). Students should familiarise themselves with the procedures before making requests for the remarking of their scripts.

#### **(iii) Examination Rules and Regulations**

There are laid down rules and regulations guiding the end-of-semester examinations. Students are advised to read these rules carefully before they proceed to write any examination as examination misconduct is taken very seriously in NOUN and strict disciplinary measures have been put in place for defaulters (see Examination guidelines).

#### **(iv) Examination Misconduct**

Malpractice refers to any breach of the Matriculation oath. Examples of examination malpractice are: cheating, fighting, impersonation, verbal or physical attack on lecturer(s) and staff. Examination malpractice is regarded as a very serious offence

by the University and so it attracts high sanctions. The penalty ranges from a warning to outright expulsion. Students are advised to desist from all forms of examination misconduct.

#### **(v) Policy on Moderation of Examination Papers**

The policy is designed to:

1. Provide framework for valid assessment of learning outcomes
2. Define duties/responsibilities of Departments and Faculties before, during and after moderation exercises
3. Eradicate subjectivity in the development of test items in order to ensure quality

#### **6.4.2 Disciplinary Measures for Examination Malpractice**

The punishment for examination malpractice is premised on a decree promulgated by the Federal Government on Examination Malpractices in 1999. The main sections and points of the decree which every student should be familiar with are contained in the NOUN General Catalogue (2014-2017) and have been reproduced.

#### **6.4.3 Policy of Re-marking of Students' Examination Scripts and Re-computation of Results**

- i. Appeal against examination results should be done within 30 days from the date of publication of the results;
- ii. All applications for re-marking should be addressed to the Registrar through the Study Centre Directors and a copy forwarded to the Dean in the Faculty concerned;
- iii. Applicants must submit the necessary application form (Annexure A) at the relevant Study Centre. Students must ensure that the course(s) code(s) title(s) are correct when completing the form;
- iv. A non-refundable fee of **₦20, 000.00** is charged per course for the re-marking of scripts. The said amount should be paid to the bank account designated for the purpose.

#### **(Annexure A).**

Students should note that the evidence of payment of the fees must be attached to a completed application form. Also, payments without application forms would not

be processed.

- v. A receipt must be issued as proof of payment for the service;
- vi. Study Centre Directors should, in all cases, ensure and supervise that payment for applications are received, receipts are issued and that all the applications are recorded;
- vii. Study Centre Directors are required to forward all applications to the Registrar electronically within 3 days of receipt of the application form. The e-mail address is [academicoffice@noun.edu.ng](mailto:academicoffice@noun.edu.ng);
- viii. The decision to remark is a prerogative of the Faculty Examinations Committee. Remarking shall be completed within two weeks. The new score awarded shall be approved by the Dean on behalf of the Faculty Academic Board;
- ix. If a student decides to withdraw their appeal before the Committee considers it, a notice of withdrawal shall be done in writing to make it valid; The Faculty Board shall communicate its decision(s) to the Senate within a period of fourteen (14) days for ratification.

## **6.5 STUDENTS' EXAMINATION GUIDELINES AND REGULATIONS**

Examination constitutes a very important aspect of the University's activities. The University wishes to state categorically that the conduct of its examinations is taken seriously. Therefore, the University will not condone any form of examination misconduct. Students are advised to abide by the following rules and guidelines:

1. A student's matriculation number serves as their examination number. Only matriculated students will be allowed to sit for examinations. A student must write their matriculation number on their answer booklet before commencing answering the questions.
2. Students should normally write examinations at their designated Centres.
3. Students must bring to the examination hall their writing materials and any other material, which may be permitted by the University for a Particular Examination. These materials must have been listed as essential for certain

question(s).

4. Students arriving an hour after the commencement of an examination shall be allowed to sit for the examination only at the discretion of the Supervisor. Such a student will not be allowed any extra time.

5. Once a student is admitted into the examination hall, they may not leave the hall until they have finished with the examination. If for any cogent reason the student must leave the Hall, they must do so with the permission of the Supervisor.

6. A student must be accompanied by an invigilator if permitted to leave the examination hall temporarily (e.g. visiting the rest-room, etc.).

7. No answer booklets other than those supplied by the University are allowed in the examination hall. All rough works must be done in the supplied answer booklets and crossed out neatly. All supplementary answer sheets/booklets must be tied/attached to the main answer booklet.

8. Silence must be observed in the examination hall. Any student requiring the attention of the invigilator should raise their hand.

9. Any activity or behaviour which may be construed as examination misconduct or malpractice (e.g. cheating, etc.) shall be liable to discipline in accordance with the university's rules and regulations governing examination as contained in this Students' Handbook.

10. Communication between students is strictly forbidden during examinations. Any student found receiving or giving assistance would be sanctioned. Such a student may be required to withdraw from the examination and subsequently made to face the university examination malpractice panel.

11. Students are not permitted to smoke or sing or pray aloud or engage in any activity that may distract others in the examination hall.

12. Bags and briefcases are not allowed in examination halls. The University will not be liable for any loss or damage of a student's personal effects/property.

13. Unauthorised materials (such as textbooks, course materials, notebooks, sheets/scraps of papers) in printed or electronic form are not allowed in examination halls.

14. Pagers and mobile phones are not permitted at all in examination halls.

15. Students must observe the Supervisor's instructions regarding the commencement and end of an examination. Students who start writing before being told to do so, or who continue writing after being asked to stop would be sanctioned.

## PART 7

### LEARNER SUPPORT SERVICES

#### 7.0 INTRODUCTION

Learner support refers to the facilities and services that the institution makes available to facilitate students' learning.

#### 7.1 NOUN LEARNER SUPPORT SERVICES

The National Open University of Nigeria (NOUN) as an open and distance learning institution has a Directorate that provides support services to its students. This Directorate is named Directorate of Learner Support Services (DLSS). The concept of Learner Support Services (LSS) in NOUN is intended to assist learners in meeting their objectives from the point of first inquiry through graduation and often for a life time. Learner support model in the Directorate is a two-tier system *viz*: The Main Campus (Headquarters) and the Study Centres who have direct contact with the students and larger society. The Directorate at the Main Campus coordinates the activities of the Study Centres with a Director as the head and other staff. While the Study Centres are headed by Study Centre Directors supported by Student Counsellors and other support Staff.

Learner Support Services in NOUN are deployed in various ways. They include:

- a) **Information, Advice and Guidance (IAG):** Where information on the various programmes in the University, basic requirements for each of the programmes and other related information are given.
- b) **Counselling Services:** Providing individual and group counselling for both staff and students who may be having difficulty in rejoining studies or any other issue that may hamper completion of their studies.
- c) **Other ways of providing support for the learners are:** e-ticketing, emails, WhatsApp groups, telegram etc. These are used in sending information to students, while queries or complaints are addressed using e-ticketing. In this platform, learners are sure to get answers to their queries

within 24 hours.

Academic counselling services are equally provided on general academic matters before enrolment and during the progress of study. Furthermore, support services to learners are provided in the area of study skills advice, managing and monitoring student attendance; orientation on academic issues, registration and matriculation. In addition to these are grouping learners for tutorials (facilitation), helping to source for instructional facilitators and recommending same to the Dean of Faculties for appointment among others.

The learner support services also cater for learners with special needs. This is done taking cognizance of the different categories of disabilities: visually impaired, deaf or hard of hearing, physical disability, autism spectrum disorder etc.

In any case, the National Open University of Nigeria always strives to meet the needs of its students one-on-one by providing 24/7 support services to them.

## PART 8

### LIBRARY SERVICES

#### 8.0 INTRODUCTION

National Open University of Nigeria has standard and well equipped libraries at the headquarters in Abuja, at the Study Centres as well as an online eLibrary known as “Information Gateway” to support teaching, learning, and research activities of the university. Its major aim is to facilitate access to scholarly resources that will enrich students' learning. The main hub of the Library is located at the headquarters of the University, while each study centre also has a library. The NOUN Library has both print and electronic resources. The electronic resources from the eLibrary of the University will help you in your studies and research in pursuit of scholarship. Each resource provides very helpful tools to assist you navigate through the contents.

#### 8.1 ACCESSING THE LIBRARY

Information resources should be readily, equally and equitably accessible to all library users. NOUN library can be accessed by all users at any given time no matter their location using any device.

The students can access the resources of the library through their virtual learning environment using the link: <https://elearn.nouedu2.net/login/index.php>. Other library users can also access electronic resources of the library via the library portal: <https://nou.edu.ng/library-2/>. Users can walk into any of the 35 existing library that is closest to them Monday-Friday from 8am-4pm. Library services to persons with special needs is ongoing in NOUN. To enhance access library orientation video is embedded on the portal. The access link (<http://youtu.be/ZfKHs3TOHGw>) is available on the students' virtual learning environment (VLE). Also, library orientation programme for fresh students is ongoing in all study centres at the beginning of every semester.

#### 8.2 USAGE OF THE LIBRARY

The Library is used by undergraduates, postgraduates and researchers for the purpose(s) of learning, research, leisure and general self-development. Find attached statistics of library usage.

### INFORMATION COMMUNICATION TECHNOLOGY (ICT/MIS/DEA)

#### 9.0 INTRODUCTION

The Directorate of Information and Communication Technology at the National Open University of Nigeria is a unit that demonstrates the significant role that ICT plays in the institution's operations. The Directorate is responsible for providing IT services and ID Cards while the Directorate of Management Information System (MIS) is the infrastructure to facilitate electronic handling of your data and activities in the Faculty relating to admissions, registration and Tutor Marked Assignments. The Directorate of Examination and Assessment handles everything that has to do with the administration of your examination and related data.

#### 9.1 Channels of Communication

The **Visitors Information and Call Centre (VICC)** is the first point of contact with the University for enquiries. The VICC is open from 8am to 4pm on working days for contact visits. Students and visitors can also make their enquiries through the VICC by email: [enquiries@noun.edu.ng](mailto:enquiries@noun.edu.ng), [centralinfo@nou.edu.ng](mailto:centralinfo@nou.edu.ng) or by phone, using any of the following lines: 08079917938, 07064701747.

**Student Counsellors:** Academic advising services are available at the Study Centres. This is a direct responsibility of Counsellors and Centre Directors. Students can also benefit from the University's counselling services anywhere, anytime through the NOUN online Counselling Management System (CMS) at [www.nouonline.net](http://www.nouonline.net)

## **PART 10 STUDENTS' ISSUES**

### **10.0 INTRODUCTION**

This section informs you of your rights and responsibilities as a student of NOUN in the Faculty. Your obligation is to abide by the code of conduct of the University. It is the University's responsibility to provide high quality services and channels through which students' complaints can be addressed and resolved.

### **10.1 CODE OF CONDUCT**

As a student, you are expected to observe all the rules and regulations of the University, which include but not limited to the following:

- Students of the National Open University of Nigeria (NOUN) are required to be self-disciplined and responsible, as they study at their own pace.
- Students are strongly advised to desist from cultism and other acts that may lead to indiscipline.
- Students are expected to conduct themselves in an orderly and peaceful manner.

**Source: National Open University Catalogue 2014-2017**

### **10.2 Study Tips**

Studying at the National Open University of Nigeria gives you the unique opportunity to study while you are engaged in work or other activities. It is therefore important for you to note that this new mode of learning requires a different approach to studying:

- Excellent time management skills will be needed to keep up with the pace of work.
- It is necessary to study consistently as it is easier to spread out work than to do so much within a short space of time, especially, if you are engaged in an employment.
- You need to develop a weekly study plan – timetable.
- Review your work at the end of each week and modify your plan accordingly.
- Attempt all activities recommended in your course materials.
- Use memory enhancing aids (e.g. mnemonics, visualisation, revision, etc.).

- Form self-help study groups with other NOUN students within your locality as this helps spur you on to achieve your goals as you will not want to let yourself down.

### **10.3 STUDENTS' COMPLAINTS**

The University has made provision to address grievances or needs that students may have. The following table is the University's service charter and it provides information on how and where to direct grievances within the University.

## **GLOSSARY OF TERMS**

### **Course**

A course is a major content segment comprising topics in a particular subject. At NOUN, multiples of related courses make up a programme of study leading to a degree qualification.

### **Course Credit Unit System**

This should be understood to mean a 'quantitative system of organisation of the curriculum in which subject areas are broken down into unit courses which are examinable and for which students earn credit(s) if passed'. The courses are arranged in progressive order of difficulty or in levels of academic progress, e.g. Level or year I courses are 100, 101 etc. and Level II or Year II courses are 200, 202, etc. The National Open University of Nigeria also has a policy of odd number representing first semester and even number representing second semester.

### **Credit**

A credit is the unit of measurement for a course. At NOUN, 1 credit unit is estimated to be the equivalent of 7 study units. A 1-credit unit course is estimated to take 30 study hours to complete and is broken as follows: Study time- 21 hours, TMA-4 hours, and Facilitation-5 hours.

### **Semester**

A semester is an academic period of twelve weeks, excluding examination period. NOUN offers two semesters of study per year: January to March and July to September

### **Core/Compulsory Course**

A core course, which every student must compulsorily take and pass in any particular programme at a particular level of study.

### **Elective Course**

A course that students take within or outside the Faculty. Students may graduate without passing the course provided the minimum credit unit for the course had been attained.

### **Module**

A module is made up of a number of thematically related study units.

**Study unit**

A study unit is the smallest segment of a course material that treats a topic within a module. The content should take about 3-4 hours of study.

**Programme**

A programme comprises a set of prescribed courses offered at different levels of study. It also refers to a particular field of study made up of courses e.g. Bachelors programme in English. At NOUN, a programme of study leading to a degree qualification is made up of general, compulsory and elective courses

## APPENDIX I

### GUIDELINES FOR RESEARCH PROJECT AND GRADING SPECIFICATIONS

#### **Preliminary Pages**

##### **Cover Page**

Here, the title of the study is stated at the upper half of the page. This is to be followed by the author's full names with the surname first and others. Note that when the surname comes first, it is separated from the other names with a comma. E.g. MOSES, JAMES OJO

N/B The spine of the cover should bear the student's name, programme and year of graduation. E.g. MOSES, J. O., BA PHILOSOPHY, 2023.

##### **Inside Cover Page**

The title of the study is also at the upper half of the page. This is to be followed by the author's full names with the surname first and other names. This should be immediately followed by the student's matriculation number. The lower part of the page is to have the statement that reads: "A project submitted to the Department of Philosophy of the National Open University of Nigeria in partial fulfilment of the requirements for the award of the Degree of Bachelor of Arts in Philosophy", as an example. The student shall indicate at the bottom of the page the month and year the project was completed (e.g. February, 2023).

##### **Declaration Page**

This is where the student affirms the originality of his work. It should read thus: I, MOSES, JAMES OJO declare that this work is as a result of my research effort and that to the best of my knowledge, it has not been presented by any other person for the award of any degree except where due acknowledgements have been made.

---

Signature/

Name and Date

### **Certification Page**

The project supervisor certifies the originality of the study as a true work carried out by the student. The statements here shall read: This is to certify that this research project title was written by (student's surname and other names) with the matriculation number (e.g. NOU100200670) under my supervision, followed by the supervisor's name, signature and date.

---

Signature/  
Name and Date

### **Dedication Page**

This offers the author the opportunity to express some words of gratitude to those dear to them one way or the other. It is optional since some researchers may not be too keen on dedicating their works to anyone.

### **Acknowledgement Page**

Here, the author acknowledges the help and contributions of different people who directly or otherwise contributed to the success of the work.

### **Abstract Page**

This page consists of a synopsis of the entire work. It states briefly the problems of investigation, purpose of the study, how it was carried out; major findings and recommendations. This should be done in not more than 400 words. It should be presented in only one blocked paragraph, typed with single line spacing.

### **Table of Contents**

This page contains the list of chapters and sub-units with their respective page numbers as contained in the main body of the work. The pages before the main body of the work (the preliminary pages) are numbered in **Roman numerals**, while other pages are numbered in **Arabic numerals**. Other parts of the table of contents are:

- List of Tables (if applicable)
- List of Figures (if applicable)
- List of Abbreviations (if applicable)

## **CHAPTER ONE: INTRODUCTION**

### **1.1 BACKGROUND TO THE STUDY**

Here, the students describe in general terms, the larger picture of the problem being investigated. This forms the basis for introducing the problem as well as a way of establishing the relationship that exists between the problem being investigated and the larger area of concern to readers.

### **1.2 STATEMENT OF THE PROBLEM**

The essence of research is to identify problems and proffer solutions for them. Students should be able to state the problems clearly and convincingly, justifying the need to find solutions to it, as well as the implication of such problems. A research problem could be linked to a given theory or fact.

### **1.3 AIMS AND OBJECTIVES OF STUDY**

The author is expected to state the overall goal of the project, which encapsulates the aim. The purpose of the study is to be stated as seeking a solution to the problem(s) or examining the relationships that exist between that particular problem and other problems. This is achieved by breaking the problem into its component parts through exploration or analysis. Specific statements (objectives) of what the research intends to do to achieve the main aim could be stated. For example, One of the objectives could read “To identify the amount of exposure of youths to violent messages on television”.

### **1.4 RESEARCH METHODOLOGY**

Research Methodology implies the different procedures that could be used in the execution of the study which may involve different research methods like, Hermeneutics, Analytical method, Phenomenological method and Dialectical method.

### **1.5 SIGNIFICANCE**

The significance ordinarily should consist of both the theoretical and practical importance of the study. It provides the author the opportunity to justify their attempt to solve the problem and essentially state what will be contributed to knowledge by the study if successfully carried out, and how useful the study is to society.

### **1.6 SCOPE OF THE STUDY**

This means delimiting the boundaries of the research so as to present the research within manageable limits. The limitation could be as a result of conceptual reasons or constraints arising from finance, time and data availability.

### **1.7 DEFINITION OF CONCEPTS**

The student is encouraged to do a clarification of the concepts used in specific ways in the study. Sometimes, this clarification of concept is referred to as the “operational definition of concepts.” This is necessary to avoid ambiguity in the study.

## **CHAPTER TWO: LITERATURE REVIEW**

The Literature Review is a comprehensive view of existing literature in the area of research. The general essence of review of literatures is to present the state of affairs in a particular area of work or research. Secondly, is to through presentation of the state of affairs discover or expose the gap in the earlier works done on the subject matter. This gap is what one hopes to fill in one's work. The literature review must seek to present works already carried out which are relevant to the central questions raised in the research. It is important for the students to note that research methodology used in Philosophy is entirely different from research method in other programmes or disciplines in the Humanities and Arts. Literature Review can be done in Philosophy either thematically or historically.

### **Guidelines for Literature Review**

Literature review could be approached thematically or historically.

#### **2.1 THEMATIC REVIEW**

In thematic literature review, the researcher or the student is expected to group the positions of scholars on the subject matter of his or her research according to their relatedness. For instance, scholars differ in their discussion about the nature of reality. While some scholars hold that reality is essentially material, others hold that it is immaterial. These are already two themes in the discussion of the nature of reality. A researcher or student is expected to examine the works of scholars under the two themes; show a clear understanding of their positions, highlight the differences between them and show their strengths and gaps that warrant his or her research.

#### **2.3 HISTORICAL REVIEW**

Here, it is expected that the student presents the works done in his area of research according to their occurrence in time, that is from one epoch to another. This provides the researcher the opportunity to review some of the previous works by

other authors in the area concerned. The historical trajectory will enable the researcher to follow the trend of thought in his or her area of research. This will enable or help the researcher situate or relate his study to previous works done.

### **CHAPTER THREE: PRESENTATION AND DISCUSSION OF THEORIES**

Here, it is expected that the theories whether adopted or related to the work under discussion will be espoused by the researcher or student.

### **CHAPTER FOUR: DISCUSSION ON FINDINGS**

Discuss your findings and present the implications of the study, both for the discipline and the wider society.

### **CHAPTER FIVE: SUMMARY, CONCLUSION AND RECOMMENDATION**

#### **5.1 SUMMARY**

A brief summary or highlights of each chapter should be stated in a concise manner that captures the importance of the study.

#### **5.2 CONCLUSION**

Conclusion(s) should be drawn from the findings. It should clearly state what the study has contributed to knowledge. What are the new findings made by the study? And how are those findings to contribute to the advancement of knowledge in the field of study? This should be clearly outlined in this section.

#### **References**

Project references should be presented in the APA Style/Format.

#### **Appendix (if applicable)**

#### **Supervisors**

- Only Lecturers with Master's Degree and above in Philosophy are recommended to supervise undergraduate students.

## **Research Proposal**

1. Background to the study
2. Statement of the problem
3. Objectives of the study
4. Research methodology
5. Scope of the study
6. Significance of Study
7. Definition of Terms
8. Literature Review (journals, chapters in textbooks, official documents, including theoretical framework).

### **Number of pages**

- First degree 40-60 Pages

Excluding References and/or Bibliography.

### **Font Size and Paper Type**

- Font 12, Times New Roman
- A4 double line spacing.

### **Project Moderation**

It is recommended that as usual, external examiners should moderate the scores returned by the project supervisors.

**NB: The pass mark for undergraduate project is 40%.**

## APPENDIX II

### DECREE ON EXAMINATION MALPRACTICE

In order to check examination malpractices, a decree covering miscellaneous offences was promulgated in 1999. The main sections and points of the decree which every student should be familiar with are reproduced below.

The information contained in this section is also provided in your hand book "Getting to Know Your University". The *effort* at reproducing here some pertinent aspects of the decree is to demonstrate the seriousness the university has attached to examination malpractice. Please do read it carefully.

All students of the National Open University of Nigeria are reminded that the University takes very seriously the conduct of its examinations and frowns seriously on any examination misconduct. The Decree is very relevant to you as a reminder of what could happen if you allowed yourself to be tempted to cheat in any form whatsoever during examinations. Note also that except you are under 17, for any examination misconduct, the decree does not give room for options of fine, the individual goes to jail. The University has however put in place series of quality assurance mechanisms to ensure the sanctity of her examinations, even including those ones you will take in your homes. In fact, the on-line examinations are easier to control than the face-to - face ones; when we get there you will see what we mean.

Excerpts of very useful sections and points: (Source: EXAMINATION MALPRACTICES DECREE, 1999).

THE FEDERAL MILITARY GOVERNMENT hereby decrees *inter alia* as follows:

#### **Part I- Offences**

A person who, in anticipation of, before or at any Cheating at examination by any fraudulent trick or device or in abuse of his office or with intent to unjustly enrich himself or any other person procures any question paper produced or intended for use at any examination of persons, whether or not the question paper concerned is proved to be false, not genuine or not related to the examination in question; or by any false pretence or with intent to cheat or secure any unfair advantage for himself or any other person, procures from or induces any other person to deliver to himself or another person any question paper intended for use at any examination or by any

false pretence or with intent to cheat or unjustly enrich himself or any person buys, sells, procures or otherwise deals with any question paper intended for use or represented as a genuine question paper in respect of any particular examination; or fraudulently or with intent to cheat or secure any unfair advantage for himself or any other person or in abuse of his office procures, sells, buys or otherwise deals with any question paper intended for the examination of persons at any examination.

### **An offence**

2. A person guilty of an offence under subsection (1) of this section is liable on conviction.
  - (a) in the case of a person under the age of 18 years, to a fine of ₦100,000.00 or imprisonment;
  - (b) for term not exceeding 3 years or to both such fine and imprisonment;
  - (c) in the case of a principal, teacher, an invigilator, supervisor, an examiner, or an agent or employee of the examination body concerned with the conduct of an examination, to imprisonment for a term of 4 years without the option of a fine; and in any other case, to imprisonment for a term of 3 years without the option of fine;

Where the person accused of the offence is an employee of an examination body concerned with the conduct of examinations or a head teacher, teacher or other person entrusted with the safety and security of question papers, he shall be proceeded against and punished as provided in this section, notwithstanding that the question paper concerned is proved not to be live, genuine or does not relate to the examination concerned.
